Your the sweetest the nicest the funniest and the Greatest friend a person could have. I am so glad we became friends! If it wasn't for me trying to figure out who Rob Kobbs sister was, I don't think we would have become friends. But I think we were destined. You have always been there for me. I love you for it. When my brother died, we weren't the best of friends, but I brought us closer ☺ you helped me through that and I dont know how I could ever repay you, I don't know how I could have ever gotten through that with out you to talk to and lean on.

I had the greatest time at the Bruce Adams concert, Im glad I invited you, if I wouldn't have, I wouldn't have been the same, but know we have Sep 29 to look forward too! And all of the other concerts we will be going too, in the near near future! (Go to 1st note to begin back)

Administration & Staff

God truly blessed our year together in many ways. For the first time our student body surpassed the 700 mark and we all were able to enjoy the improvements upon our building that were begun in 1982. Certainly the fact that our family has grown so large has presented certain challenges. Nevertheless, it can truly be said that the 1984-85 year was characterized by the kind of togetherness that has always exemplified Lutheran High North. To God alone be the glory — He has truly done marvelous things.

God's blessings to each of you. — Mr. Cooper

Religion

The study of the Bible and our Christian beliefs is the most important reason for attending Lutheran High North. Upon the completion of four years of religion classes, each student has been given a thorough background in the Old and New Testaments and the Christian doctrines.

This year a new class has been added for seniors: Theology IV. This class combines a detailed analysis of church history with a study of God's intent for the Christian family. In addition, several of the world's many religions and cults are investigated.

Social Studies

A solid understanding of the development and workings of our nation and world is vital for everyday life. Lutheran North offers a solid curriculum through which students can develop such a background.

Many seniors were given an opportunity this year not only to learn about their government but also to experience it. Some chose to volunteer campaign work for the 1984 election while others attended local city meetings for their projects.

Mr. Dunklau

Mr. Gierach

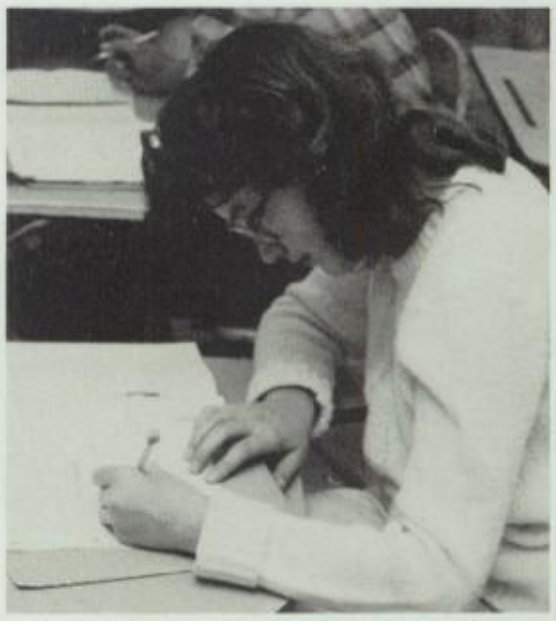
Math

Mathematics is essential, not only in everyday transactions, but also in achieving the space explorations we are observing almost weekly. The trips that astronauts take to the moon would be impossible without science and mathematics, and most importantly, without electronic computers to carry out the necessary calculations rapidly and accurately.

Over the past few years, the computer classes at North have rapidly expanded in size and popularity. A total of 15 Apple IIe computers and 5 printers are presently used by over 100 students.



PROGRAMMING Tim Starkey is Todd Keuning while Marshall Stewart, Jim Jorgensen and Cindy Muendelein wait their turn. ALREADY PROGRAMMED are Fred Eckert, Jamie Jones and Robyn Smalstig.

Science

"It's an updated version of show & tell, it's a growing concern for our generations to come!" — This is North's science department! North's science department is growing each year. "We need a new classroom; we've outgrown the one we just got," states Mr. Buuck, one of North's biology teachers. Many students are getting involved in science because it is so important to us. North students attend the science fair and symposium. Although none of our students are presenting a paper this year, the teachers are encouraging them to attend the symposium and see "what science is all about."

English

Reading, writing, and that other one are the basis of education. Teach a student to read and all other subjects become easier. Then you can give him an appreciation of literature, the ability to speak before a group, to present a well-written paper or news article, write a play, a short story, or a poem, and to participate in and appreciate the theater.

MEMORIZING *Webster's Dictionary,* Jason Mercier hopes to increase his vocabulary.

READING a German storybook are Regina Dahm and Whitney Wilds.

Foreign Language

Taking a language can be interesting and challenging. It is not a class where the students just take notes and tests. In German classes, the students have a Christmas party, play German games like Scrabble, and have many word drills. The German class also goes on field trips. They go to Frankenmuth, to Alt Heidelberg, and to German movies. There is also a German Club which is for any German student. In Spanish, they do primarily the same things as the German class does — playing games, having parties, and having word drills of Spanish words.

There are also two special projects that the Spanish II & German II students do. In German they make advent calendars and in Spanish they make pinatas.

ENJOYING a friendly game of German Scrabble are Michele Finkel and Lori Christiansen.

HANDCRAFTING German ornaments are Terri Empson and Melissa Schroeder.

LEARNING how to cut bread German-style is Cindy Muendelein.

Miss Bassett

Mrs. Sanders

Business

High technology is invading the work place of more than half the U.S. labor force — the business office.

Over the next five years computers and related equipment are expected to revolutionize the way people get things done. Observers say productivity will rise, paper use will drop and job duties will change.

The limits to what can happen, however, will depend on PEOPLE, not machines. — *Detroit News.* Our goal in the business department at LHN is to help prepare PEOPLE for the business world.

Home Economics

With a new food lab and sewing machines, the Home Economics department has been able to expand this year. In sewing classes, students learn how to save money by making their own clothes. They also are taught crafts that can become fun and interesting hobbies. Through consumer education, they learn to recognize quality in what they buy, and in child development they gain the experience needed to raise a family. Career education helps students to understand what various occupations are like and which jobs they are best suited for.

The Freshmen are involved in units such as basketball, volleyball, square dancing, weight lifting and tumbling.

Upperclassmen are more involved in lifetime sports, activities that will be beneficial when they leave Lutheran North. Some of the activities include bowling, archery, badminton and social dance.

"For ye are bought with a price: therefore glorify God in your body, and in your Spirit, which are God's." I Cor. 6:20

Art

For the creative student, the art department offers exposure to many artistic mediums. Art I students learn the basics of drawing, painting, printing, ceramics, sculpting, design, and matting. Art II students are given more freedom; however, much more is expected from them. Finally, Art III allows the student to work on a portfolio independently.

Under the direction of the teachers, the student might throw clay on the potter's wheel, draw with conte crayons, paint with watercolor, tempera or acrylic, or sculpt snow outdoors.

Members of the bands are given the opportunity each year to compete in the Michigan School Band and Orchestra Association Solo and Ensemble. Here they are given ratings and constructive criticism for their performances. They also participate in concerts and church services.

Serving At LHN

Many people go unnoticed at North. Although they serve us, they work behind the scenes. For instance, the school remains clean thanks to the long and late hours of our custodians. Futhermore, students look forward to lunch each day because of the fine cooking of the cafeteria workers.

Several students also help in the smooth operation of the library, office, and chapel. Not only do they perform visible services such as checking out library books, collecting attendance slips, or playing the chapel organ but many also peform services that we do not see.

In Memoriam

Bradley Roy Kleinsorge

September 20, 1967 - January 22, 1985

Butterflies Free

We let the butterflies loose today
against the sky
the monarchs fly
and no one will be able to cage them
Father called them home
the same beauty in heaven
flew free
across the sky
and you decided to leave too
with no time to say good-bye
you were gone
now the only thing left in my memory
is butterflies flying toward heaven.

MP

From our world of pain and care
God has taken you away.
Gone for a while, my treasured friend.
We'll miss you, son, each passing day.

Gracious Jesus, grant that we
There may live where Brad is living
There the verdant pastures see
And the love, you Lord are giving.

Kim,

We've been through so much together, I don't think I can put it all into words! (But I'll try!) You've been a very special friend to me over the past year. I hope we can continue that until we're old and grey! You've helped me through alot of hard times. I hope you know that I'm here for you when you need me! If you ever need someone to talk to - you know my number. (and I'm sure our parents know the numbers too - from the phone bills!!)

Just always remember - Florida.....

Ha, Ha!

Stay sweet!

Luv ya lots,

Sharon

A continuing commitment, that's what this symbol stands for.

The symbol of Aid Association for Lutherans may look like a mere group of dots to you. But to us, it represents something very important: a continuing commitment to our basic purpose. That purpose is "to enable Lutherans and their families to aid themselves and others."

We do this in a variety of ways. Every year, AAL benevolence programs help literally thousands of people on national, regional and local levels.

AAL insurance products also are expressions of our commitment. We help Lutherans and their families plan for their financial futures through life, health and retirement insurance.

So when you see this symbol, look beyond a mere configuration of dots. Think of a continuing commitment, first made in 1902. Think of AAL.

CONGRATULATIONS GRADUATES!!

WE HAD SO MUCH GOOD ADVICE TO GIVE ~~FREE~~ -GRATIS-
IN THE LIKE MANNER OF "TO THINE OWN SELF BE TRUE"... BUT THEN THAT SOUNDS LIKE YOU'RE NOT RESPONSIBLE FOR CLEANING YOUR ROOM & YOU SHOULD BE SELFISH, SO WE THOUGHT WE'D TEMPER THAT WITH SOME OTHER WELL-KNOWN TIDBITS OF AN ADVISORY AGAFFE— (Look it up...-Yes you will still have to use a dictionary and the Dewey Decimal System) SUCH AS "NO MAN IS AN ISLAND" -BUT THAT SOUNDED POMPOUS EVEN TO US [FRED RICKERT and PHIL WEBER - OWNERS OF HUGO'S GARAGE]

— BUT —

WHEN WE TRIED TO COME UP WITH SOME OTHER RECOGNIZABLE QUOTATIONS THAT WERE APPROPO OF THIS FINE OCCASION (your graduation) WE REALIZED WE HAD RUN OUT OF NOTEWORTHY QUOTES ~ (gasp!)

— SO —

WE WENT TO OUR BOOK OF QUOTATIONS — NO GARAGE SHOULD BE WITHOUT ONE ~ AND FOUND SUCH **A LOT** OF GOOD ADVICE. AND RATHER THAN USE UP ALL THIS VALUABLE ADVERTISING SPACE WRITING DOWN ALL THE **GOOD ADVICE** FOUND IN THIS GREAT **TOME**, WE DECIDED TO INVITE YOU TO OUR FINE ESTABLISHMENT TO PERUSE ~ AT YOUR LEISURE ~ PERCHANCE YOU COULD ACCOMPANY YOUR CAR, (foreign or domestic) MOTOR HOME, OR SCHOOL BUS, FOR A TUNE UP - OR SOME LIKE EXERCISE INTO THE ADULT WORLD.
